

<episode begins back at the base>

Collins: Ugh why does everything seem so fuzzy?

Jones: Oh just forget that.

Collins: What did you do?

Jones: Oh, you know... found some markers... and your helmet was there.

Collins: Did you draw on my helmet?

Jones: ...yes

Collins: -sighs- Give me a towel.

Jones: I... don't have one.

Collins: -sighs-

<then there is running and O'Brian and Jasper run past them>

Jones: Wait guys! What is going on?

Jasper: Kelen was kidnapped.

Jones: Really? Sweet! No more women!

O'Brian: No, we are going after her.

Collins: Now why are we going to do that?

Jones: Hey, how did you get the marker off your helmet?

Collins: I found a rag.

O'Brian: Stop talking guys. She is our teammate.

Jones: Like she has been treating us like that.

O'Brian: Just shut up. We are going after her.

Collins: Alright sir. Where should we get ready?

O'Brian: Actually... you and Jones are going to stay here.

Jones: Hallelujah.

Jasper: It would be easier if only two of us went and then the other two stay here. Cover the base and such.

Collins: And why exactly would you pair me off with Jones?

O'Brian: You just fainted not that long ago. I think you need to rest.

Collins: Good idea! I am going to my... room now!

Jasper: Lets go O'Brian.

<Jasper and O'Brian get in the warthog, Jasper driving and O'Brian controlling the turret>

O'Brian: ONWARDS!

<the two of them leave>

<Jones and Collins, stand there and then Collins backs away>

Jones: Where are you going?

Collins: You heard them. I need rest.

Jones: Rest my ass. Stop being a girl and help me keep guard.

Collins: Like you were going to keep guard anyways.

Jones: I can be a soldier, when I want to be. And right now, I feel like protecting this base.

Collins: You just want to protect your polish don' you.

Jones: The only glorious thing worth saving in this base.

Collins: I have a question for you Jones.

Jones: Shoot.

Collins: Why have you remained the same rank this whole time?

Jones: Well you see....

<the camera then goes into focus on Kelen and Valerie>

Kelen: Are you serious about that?

Valarie: Do you think I am kidding?

Kelen: Actually, yes. I am calling your bluff on this situation.

<it goes quiet for a moment and Valarie lowers her weapon>

Valarie: You are right.

Kelen: What?

Valarie: You are right. I am not going to kill you guys. I'm actually here for cover, a place to stay for awhile.

Kelen: Seriously? The first time we see action in... the first time, the enemy turns out to be nothing but a cowardly girl who is looking for cover?

Valarie: Looks like it.

Kelen: Well isn't that just perfect...

Valarie: I actually find this situation less than perfect.

Kelen: Perfect in the context of, you know what nevermind. If you are here looking for cover, then why go to the trouble of kidnapping me?

Valarie: That... was by accident.

Kelen: Excuse me?

Valarie: I knocked you out by accident. I meant to take the cyan guy.

Kelen: You wanted to take O'Brian. For what reason?

Valarie: He is the commanding officer here, as far as I can tell. If I had him on my side then I could easily blend and hide for as long as I wanted too.

Kelen: So you are telling me... you knocked me out by accident...

Valarie: I just said that.

Kelen: Well take this then bitch!

<Kelen then proceeds to knock Valarie out>

Kelen: That was actually a lot easier than I thought. Now to call command and tell them we have a runaway here.

<the camera focuses in on O'Brian and Jasper>

O'Brian: To the rescue!

Jasper: What do we plan on doing when we get there? She seemed like a trained officer, someone I am sure none of us are capable of taking out.

O'Brian: She took Kelen didn't she?

Jasper: It would appear so.

O'Brian: Then I believe she will have some trouble with Kelen.

Jasper: Kelen is a normal soldier like us. Why would this "trainer" soldier have trouble?

O'Brian: Because Kelen likes to get revenge...

Jasper: Nothing like a woman's scorn.

O'Brian: I can say that is almost ten times the description of Kelen.

Jasper: Ouch.

<the camera goes back to Kelen and Valarie>

Kelen: I am still not reaching command. The whispering is definitely getting annoying as well.

<she stands there for a moment and then takes a step out of the cave>

Kelen: No doubt those morons are on their way... and speak of the devil.

<O'Brian and Jasper show up and quickly exit their vehicle>

O'Brian: KELEN!

Kelen: Don't start.

O'Brian: Fine... are you alright?

Kelen: Yeah, I am fine and the "villain" is inside the cave. She is unconscious right now and I don't know how much time we have until she wakes up.

Jasper: Did you get any information out of her?

O'Brian: Ha, out of her.

Jasper: That was not even funny.

Kelen: Well, it looks like she is a runaway or something like that. She talked about looking for cover and somewhere to hide. And she wanted to get in contact with you O'Brian.

O'Brian: Ha contact... wait, why did she want to talk to me.

Kelen: That is what I asked her about. She could tell you are a leader of the base here. She meant to knock you out and get on your good side... if there is a good side.

O'Brian: You know I look good from all sides.

Kelen: Suuuure. Whatever the case, she is here, unconscious and I need to reach command.

Jasper: Why would you do that?

Kelen: Runaway Spartan. I believe they would want to place her in custody.

Jasper: Yeah, well I believe we are going to have a hard time of contacting them.

O'Brian: I just contacted them not that long ago.

Jasper: Ok then never mind.

Kelen: I still say we get her back to base.

O'Brian: I second that... wait aren't I supposed to call the shots around here? Why am I even questioning myself!

Kelen: Just shut up and let's go.

<Kelen enters the cave and then the camera goes back Collins and Jones>

Jones: And that is why I have not been able to progress in rank.

Collins: That is the most miserable story I have ever heard.

Jones: Yeah well, nothing can stop this greatness.

<the two of them turn and see the warthog return>

Collins: Welcome back guys... wait... who is that with you?

Jones: It is only Kelen... hey no it's not!

<O'Brian and Valarie exit the warthog along with Jasper>

Jasper: Kelen stayed behind. Talking about something she would talk about.

Collins: Does that seem like a good idea in leaving her behind.

Jones: Yeah she is a woman, she can't protect herself for anything

Valarie: Really now? Is that how you think of all women?

<the camera zooms in on Valarie with a gun pointed to O'Brian's head>

O'Brian: Hey...guys.

<end episode>
